

# DIGITAL APPLICATION REWARD

*Delivering a two-year premium discount to your clients*

*Our Digital Application Reward (DAR) for your clients is one more reason to use our new digital underwriting platform.*

By simply using the platform to submit an insurance application, we are rewarding eligible clients\* with a discount for two years – 10% for the first policy year and 5% for the second policy year\*\* during the reward period from 5 November, 2018 to 11.59pm, 5 May, 2019.\*\*\*

## How does this benefit my clients?

Not only will your client enjoy a shorter personal statement, they'll also be able to get their cover in place quicker than ever.

New clients to MLC Life Insurance whose applications are submitted during the reward period will receive a policy discount for two years – 10% for the first policy year and 5% discount for the second year.

The DAR is in addition to all other discounts applicable (e.g. multi-cover discounts and MLC On Track discounts) and is applied to the base premium.
