Legal disclaimer

This Target Market Determination (TMD) is required under section 994B of the *Corporations Act 2001* (Cth). It sets out the target market for the product, triggers to review the target market, how it is to be distributed and certain other information. It forms part of MLC Limited's design and distribution framework for the product.

This document is **not** a product disclosure statement, and is **not** a summary of the product features or terms of the product. This document does not take into account any person's individual objectives, financial situation or needs. Persons interested in acquiring this product should carefully read the product disclosure document before making a decision whether to buy this product.

Insurance is issued by MLC Limited ABN 90 000 000 402 AFSL 230694. MLC Limited uses the MLC brand under licence from the Insignia Financial Group. MLC Limited is part of the Nippon Life Insurance Group and is not a part of the Insignia Financial Group.

Target market

1. Likely objectives of consumers in the target market*

THIS PRODUCT IS CLOSED TO NEW CUSTOMERS.

Life Cover	Total and Permanent Disablement	Critical Illness [^]	Income Protection	Business Expenses [^]
<p>The consumer wants to reduce their exposure where they have (or envisage that in future they will or may have) outstanding financial or financial-in-kind commitments (this includes for Business Insurance purposes) and (for life cover) financial commitments of dependents or the Estate or their Business that will not be satisfied in the event/s listed below.</p>			<p>The consumer wants to reduce their exposure where they have (or envisages that in future they will or may have) a need to replace their income if they are unable to earn income (or are only able to earn a lower income) due to sickness or injury.</p>	<p>The consumer wants to reduce their exposure where they have (or envisage that in future they will or may have) certain ongoing financial business expenses, that will not be able to be met if the life insured is incapable of engaging in meaningful gainful employment.</p>
<p>The life insured's:</p> <ul style="list-style-type: none"> • Death • Terminal Illness • Accidental Injury (where applicable under the product terms). 	<p>The life insured is incapable of engaging in:</p> <ul style="list-style-type: none"> • meaningful gainful employment, or • independent living due to total and permanent disablement. 	<p>The life insured suffers a specified critical condition.</p>		
<p>Premium structure – premiums can change over time for both stepped and level premium options. Premium rates are not guaranteed.</p> <p>Stepped premiums are based on your age and will usually increase each year as you get older to reflect the increasing likelihood of claim.</p> <p>Level premiums are designed to spread the costs of the premiums over the life of the policy. Premiums are higher in the early years and lower in later years compared to stepped premiums which increase as you get older.</p> <p>Decreasing cover is another option for Life Cover, TPD and Critical Illness, where the premiums stay the same but the sum insured changes to reflect the increasing likelihood of claim.</p> <p>Your premiums will also change:</p> <ul style="list-style-type: none"> • if you add or remove an option; • If you change your benefit amount by inflation-linked increases, exercise the Increases without further medical evidence feature or by requesting an increase; • If the government, makes changes to duties or charges; or • If we change the premium rates or policy fees. 				

Life Cover	Total and Permanent Disablement	Critical Illness [^]	Income Protection	Business Expenses [^]
------------	---------------------------------	-------------------------------	-------------------	--------------------------------

The target market excludes:

- Those contemplating self-harm.
- Those who are not
 - Australian citizens, or
 - Australian permanent residents, or
 - New Zealand citizens residing in Australia, or
 - Those with certain temporary visas who do not meet our underwriting terms and conditions in relation to residency.
- Those that do not meet the eligibility requirements (unless prior written approval has been provided).
- Those that do not meet the underwriting requirements.
- Certain occupations for some benefit types.
- Consumers who want fixed or guaranteed premiums.

For MLC Life Cover Super or MLC Personal Protection Portfolio owned by SMSFs

An individual is in the target market for life insurance within the super environment if they accept that there are legislative restrictions that impact the insurance cover, including:

- the insurance premiums must be paid from a super fund or by making a contribution to a super account;
- any insurance benefit will be paid via the trustee of the super fund, who must also independently review and approve payment of the benefit;
- if the consumer dies and has not made a valid binding death benefit nomination, the trustee of the super fund will determine the beneficiary or beneficiaries who will receive the death benefit;
- the qualifying definitions under which an insurance benefit can be paid must be consistent with legislated superannuation rules called 'conditions of release';
- the legislated 'conditions of release' must be satisfied before an insurance benefit can be released by the trustee of the super fund to the member;
- taxation may apply to benefit payments paid to the member or beneficiary; and
- Where superannuation savings are used to pay premiums, this will reduce the superannuation balance available to consumers in retirement and consumers should consider whether payment of premiums via superannuation will inappropriately erode their retirement income.

[^] Not available to MLC Life Cover Super or MLC Personal Protection Portfolio owned by SMSFs where cover first commenced after 30 June 2014.

2. Likely financial situation of consumers in the target market*

As the premiums may vary from time to time (in accordance with the chosen premium structure) the consumer should have the financial capacity to pay the premiums over the period they intend to hold the product.

The potential relevant sources of financial capacity (consumer must have at least one) are:

- earning income,
- having personal savings,
- having superannuation, or
- otherwise having financial capacity (e.g. family or other relationships either personal or business) to pay premiums to retain the product for the period of time it is intended to be held.

3. Demographic and eligibility requirements of consumers in the target market*

There are ancillary and/or customisable benefits.		✓	✓	✓	✓	✓
Underwriting process - could also impact the price of the product, the sum insured and the terms and conditions of the insurance policy.		✓	✓	✓	✓	✓

* Lump sum covers can be purchased as

- Stand alone, these are independent of all other covers.
- Extensions, these are attached to another cover. You pay less for this structure because any claim payment on one cover will reduce the benefits of the covers they are attached to.
- Connected, these work exactly the same as Extensions but are held as separate policies. For example cover inside super could be connected to cover outside super.

Why the product attributes will make it more likely that the consumers who acquire the product are in the target market

Life cover

Broadly, the target market comprises those who have or expect to have outstanding financial commitments that will not be satisfied in the event of their own or another person's (ie the life insured's) death or terminal illness and who have the capacity to pay potentially variable premiums on an ongoing basis. As the product pays a lump sum on death or terminal illness it is therefore likely to meet the needs, or go towards meeting the needs, of those in the target market.

Total and Permanent Disablement cover

Broadly, the target market comprises those who have or expect to have outstanding financial commitments that will not be satisfied in the event of their own or another person's (ie the life insured's) permanent disability, and who have the capacity to pay potentially variable premiums on an ongoing basis. As the product pays a lump sum on permanent disability it is therefore likely to meet the needs, or go towards meeting the needs, of those in the target market.

Critical Illness cover

Broadly, the target market comprises those who have or expect to have outstanding financial commitments that will not be satisfied in the event of their own or another person's (ie the life insured's) suffering a critical illness, and who have the capacity to pay potentially variable premiums on an ongoing basis. As the product pays a lump sum on the life insured suffering a critical illness, it is therefore likely to meet the needs, or go towards meeting the needs, of those in the target market.

Income Protection cover

Broadly, the target market comprises those who have or expect to have outstanding financial commitments that will not be satisfied in the event of their own (ie the life insured's) disability and who have the capacity to pay potentially variable premiums on an ongoing basis. As the product pays a periodical monthly benefit while disabled, it is therefore likely to meet the needs, or go towards meeting the needs, of those in the target market.

Business Expenses cover

Broadly, the target market comprises those who have or expect to have outstanding financial commitments that will not be satisfied in the event of their own (ie the life insured's) disability and who have the capacity to pay potentially variable premiums on an ongoing basis. As the product pays a periodical monthly benefit while disabled, it is therefore likely to meet the needs, or go towards meeting the needs, of those in the target market.

Distribution conditions

For distribution via personal advice

Application for cover must be submitted by a suitably authorised financial adviser (ie authorised in life risk products and/or super) operating under an appropriate AFSL who has accepted the MLCL Distribution Agreement and has attained a licensee code and adviser code.

For distribution via general advice

- Distributor must not sell to a customer who does not satisfy the demographic factors and eligibility requirements in the Target Market as set out above.
- Distributor must provide the customer with the PDS.
- Distributor has structured training and/or quality assurance standards.
- The customer meets application screening questions.
- Application for cover must be submitted via an appropriate AFSL, with appropriate authorisation, who has accepted the MLCL Distribution Agreement and has attained a licensee and adviser code.

Why these distribution conditions and restrictions will make it more likely that the consumers who acquire the product are in the target market

For distribution via personal advice

Consumers that obtain personal advice from a qualified financial adviser are more likely to acquire a Product cover and be in the target market because advisers have a duty to act in their best interest when providing personal advice.

For distribution via general advice

Consumers of life insurance are more likely to be in the target market if distributors:

- refrain from selling to customers that do not meet the relevant demographic and eligibility requirements, and
- provide customers with a PDS.

Review triggers and information to assess whether a review trigger has occurred

Review triggers	Assessment information	Timeframe	Who is responsible
<p>1. The commencement of a significant change in law that materially affects the product design or distribution of the product or class of products that includes this product. Note: This trigger is a mandatory review.
